DREAM PUPPETS

Dreamer is the first show in a series of wonderfully engaging, exquisitely produced and magical pieces of black light puppet theatre. The show gets its name from the main character, a curious, brave and childlike creature called Dreamer. Dreamer lives in a dreamlike world and travels, while asleep, in a magic bed. As in dreams nothing behaves quite as we expect; the bed runs away, leaving Dreamer to experience what the dream environment has to offer. There is a row boat that rows through the stars; fish serve as means of transport and the sun and moon fight for space in the sky. Dreamer meets a host of strange and mischievous characters and objects, makes unusual friends and has great fun in his unpredictable world.
