

THE PRINCES FREEDOM

There once was a Prince who was very rich.

The castle was guarded by a witch.

Then one day a Princess came, but the Prince found her very lame.

This made the Prince rather ashamed.

By her side a tiger stood.

The Princess left in quite a huff.

All of sudden there was a puff!

Another Princess came.

Like the other she was a shame.

The Prince didn't want to marry,

He wanted to be free like a bird,

Not married like a nerd.

That is a day in the life of a Prince!
