

The Glimme by Emily Rhodda and illustrated by Marc McBride

Nominated for Book of the Year – Younger Readers

Finn is an imaginative boy being raised by his grandparents after his mother death and his father's disappearance. He escapes his harsh life by drawing a sketchbook that had belonged to his mother, until the day woman from the clifftop mansion takes him away and he plunges beyond the veil into the Glimme, a place between the worlds, where dragons fly, mythical creatures reside and a quest is his for the taking.

Beautifully illustrated by Marc McBride, this is a story to grab your imagination and take you to a mystical place with adventures aplenty.
