Learning is for life, and it is so important that we look for new ways of doing things, particularly in challenging times. The team at CCL are here for you.

Positive Horizons Volunteer Program

An OzChild volunteer is here to provide practical and emotional support to children, young people and families in need of additional support – all you need to do is call.

OzChild's Positive Horizons Volunteer Program carefully matches volunteers to families. Our volunteers are trained and available to spend between one-two hours per week doing various activities with your child and or family.

- Providing emotional support to parents
- Spending time listening to the child
- Sharing hobbies and skills such as cooking, arts and crafts, kicking a soccer ball, visiting the park or playing basketball
- Helping the child with school work
- Assisting families to access libraries, playgroups and other activities or support services within the wider community
- Mentoring the child by providing a positive role model

Who does the program support?

- Families with children 12 years and under, and who live in the Cardinia Shire

HELPING CHILDREN LEARN BY THINKING LIKE A TEACHER

In this webinar, parents will be supported to understand how they can have a positive influence on their children's learning at home by adopting strategies that teachers use in their classrooms such as:

- Communicating with openness and consistency to build credibility
- Celebrating mistakes as opportunities to learn
- Encouraging children to motivate themselves rather than use rewards and consequences
- Using questioning techniques to encourage creative thinking and develop literacy skills
- Building healthy attitudes towards maths by helping children recognise patterns and make connections.

Presenter Andy Parthenopoulos is a Master's educated Victorian-based primary school teacher. Since graduating with a Master's of Teaching in 2015, he has mentored four early-career teachers and focused on fostering meaningful connections between the home and school. Andy believes that supporting student wellbeing lies at the heart of all education.

SUPPORT OUR BOOK DELIVERY SERVICE

WE READ TO KNOW WE ARE NOT ALONE

Help us continue our free book deliveries and outreach services to community in need.

During this pandemic, we've all experienced what it's like to be isolated – we've known fear, boredom and loneliness. Imagine however if this was your daily life even without the threat of COVID-19.

For many people in our community, this is what life is always like. Sadly, in Casey Cardinia, there are many older or vulnerable people who are unable to leave their homes. Worse, they may be unable to afford internet, e-readers and computers to help the time pass and connect to others. With your support, these people can feel less alone.

\$30 will provide 3 deliveries to someone unable to leave their house.

\$50 will provide 5 deliveries to an isolated older person.

\$100 will enable the library to delivery a digital program to help people connect to new ideas and each other.

\$500 will allow the library to lend a PC or laptop to a person in need for 6 months.

At Casey Cardinia Libraries, we use the GiveEasy platform so your donations are secure. We will also send a receipt straight to your email. All donations over \$2 are tax-deductible. Donate using Credit Card, PayPal or call us on 1800 577 548 and we can help you over the phone.
