

RAINFOREST

Nature is a wonder,
Nature is in you,
Snow, Desert, Mountains,
And Rainforest it's you.

I did rock climbing,
Skating and Bushwalking,
But cannot forget about you,
Rainforest, nature is in you.

Rainforest, you are an area of tall,
Evergreen trees and high amount of rainfall,
Dense with flora and fauna in you,
Making astoundingly, beautiful you

Levels of water, sunlight and air,
Processes, species in every layer,
Birds' chirping and waterfalls in you,
Beautiful tropical weather and you.

You help in to regulate the climate,
We help in to protect your habitat,
Rich amount of biodiversity in you,
No wonder Rainforest, It's you.
